

TIRR Foundation Proudly Supports

TIRR Foundation is eager to support like-minded organizations seeking to enhance the lives of those with physical challenges. Recently, Dr. Brent Masel introduced us to an organization that is dear to his heart...Waves of Impact. This amazing volunteer organization is dedicated to providing access to the healing and therapeutic power of the ocean to individuals with exceptional challenges. Based in Oceanside California, Waves of Impact hosts free surfing and beach experiences in California, Texas, Massachusetts, and New Jersey.

On September 23 and 24 from 10:00 am to 4:00 pm, Waves of Impact hosted a surfing camp in Galveston, Texas. By the end of the second day, 125 exceptional children, teens and young adults experienced the exhilarating joy of riding the waves. TIRR Foundation was pleased to contribute to this camp, that like Moran Camp Xtreme, removes barriers to participation so that all people have access to joy-filled self affirming activities.
